

DON'T Let Your Money Attitudes Hold You Back

DID YOU KNOW your financial situation is made up of what you **WANT**, what you **BELIEVE** and what you **DO**?

- We all have our own money style – how can you find out yours?
- How does your money style impact your business results and your personal life?
- What five things are most important to help improve your results?

The Hutt Valley Chamber of Commerce is proud to invite you to attend a Workshop to help you understand your own personal and professional version of W.E.A.L.T.H™

From a 2 hour workshop, here's what you'll get:

- ✓ An understanding of how your money style is strongly connected to your financial results- and your results are directly impacted by the combination of your financial beliefs and actions
- ✓ Tools on how to better understand your key business numbers and financial management
- ✓ Learn how your personal money style may be holding you back in business and your personal life
- ✓ Advice on improving your profits and cash flow, with measurably improved results

You'll also get:

- ✓ 2 workbooks/templates to improve your financial results and business growth. (RRP \$70)
